**Position Summary:**

This position is responsible for assisting with various tasks on construction sites to ensure projects are completed safely, efficiently, and according to specifications. You will work under the supervision of skilled tradespeople, contributing to the overall success of construction projects. Some of the job functions include:

- Assist with the setup and cleanup of construction sites, including loading and unloading materials, tools, and equipment.
- Perform basic carpentry, concrete, and masonry tasks as directed by supervisors.
- Operate hand and power tools safely and effectively to complete assigned tasks.
- Follow safety guidelines and procedures to prevent accidents and injuries on the job site.
- Erect and dismantle temporary structures such as scaffolding and barricades.
- Transport materials and equipment around the job site using wheelbarrows, forklifts, or other machinery.
- Perform general maintenance and repairs on construction equipment and tools.
- Communicate effectively with supervisors and co-workers to coordinate tasks and ensure productivity.

**Desired Qualifications, but not required:**

- Proven experience as an Electrician or in a similar construction role.
- Proficient in reading blueprints, drawings, and specifications.
- Strong knowledge of various carpentry techniques, tools, and materials.
- Excellent attention to detail and precision in measurements and cuts.
- Ability to work independently or as part of a team.
- Good communication and problem-solving skills.

**Physical Demands and Work Environment:**

This is a physically active position requiring frequent standing, bending, kneeling, stooping, crouching, and lifting/carrying objects up to 75 lbs. It requires fine motor skills and dexterity to work with a variety of facilities, equipment and parts of various sizes. Work is performed both in office, sheds and outdoor environment.
